Driver orientation training

To ensure all lifts are made easily and safely, we offer training for drivers. Here are the steps to take to attend our training:

STEP 1 – Complete our compliance checklist

Please ensure you have the following documents before your orientation training. Each of these documents must be with you during every visit to our terminal.

Carrier requirements:

- Terminal access agreement
- Carrier insurance certificate

Trailer requirements:

- Annual visual inspection
- 5 year inspection
- Probe certification

Driver requirements:

- Hazard endorsement
- TWIC requirements
- Valid driver's license

STEP 2 – Schedule an appointment

To schedule your driver orientation training, please call the Searsport terminal (207.548.2541) more than 24 hours in advance.

STEP 3 – Attend the training

- The driver orientation training takes about one to two hours.
- Training includes an orientation video, review of standards and procedures, site orientation, supervised loads, and compliance checklist.
- To make the orientation faster and more efficient, you may send an experienced driver along with your new driver.
- New drivers must have five supervised loads and meet our compliance checklist prior to receiving their access card. Experienced drivers need only three supervised loads.
- Completion of orientation is required every three years.

If you have any questions, please contact our Customer Support Team at **1.866.865.8800** or by email at IOCCustomerSupport@irvingoil.com.

Thanks for your business, and we look forward to serving you.
